

TO WHOM IT MAY CONCERN:

It was indeed a pleasure to sell my property to Greg Norman [REDACTED]. He was straightforward and fair during the entire transaction and followed through on the exact terms of the agreement. I especially appreciated the simple and easy-to-understand paperwork and prompt settlement.

When I received Mr. Norman's letter, I thought his proposal for purchase of properties sounded interesting and suitable to my needs. I had already moved to another city and my house was empty and difficult to deal with from long distance. Although I had begun to talk to realtors about putting the property on the market, I decided to make an exploratory call to Mr. Norman with the idea that I had nothing to lose. He visited the property and made an offer. We came to an agreement of terms, and settlement was completed seven days later. The whole process of the transaction was fast, easy, and pleasant. Selling my house to Mr. Norman was a convenient and good choice for me.

Without hesitation, I strongly recommend Mr. Norman to anyone who has need for services which he provides. I am confident that he will treat you right!

Sincerely,

Cleo Graves
