Subject: Re: Recommendation

Hi Greg,

Creative Asset Management, Inc. and Greg Norman saved my client from a foreclosure! He was able to assist my client with eliminating his obligation and providing him the funds necessary for him to find a new home. My client was extremely grateful for his assistance in the transaction, and it went very smooth. Greg did everything he said he would do, when he said he would do it. It could not have been a better situation for my client.
