Greg,

Thank you for the completing the purchase of [REDACTED] You really delivered on your words, my Seller and I really appreciated that. You especially made my Seller happy with your clean AS IS offer, and quick closing. He was looking for your type of offer, and was delighted when the sale was completed. Seems like you do business the old fashioned way, not letting the transaction get broken down by some of the modern day pettiness that we see too often.

Thanks so much!
