Greg,

Wow, that short sale deal saved me a lot of time and I still made money. I'm glad, as a broker, I did not try and do that deal myself. It took time and patience which I did not have and am glad you and your team worked with the bank, buyer's agent and seller and the home did not go to foreclosure and settled as an approved short sale. I have done them in the past and most do not ever settle. Your's did, I made money, and I will bring you more.
