

Dear Mr. Norman:

We are writing this letter of recommendation to say that you made the process of selling our rental property absolutely "hassle-free." The entire process took less than two weeks, and you did everything you said you would do. You were upfront and fair in your dealings with us, and the final price was reasonable.

We recommend you and your company to anyone who is looking to sell rental property, and does not want to go through the lengthy process of renovating the property and placing the property on the market through a realtor.
